

# Architectural Committee Seeking Members

**The deadline to submit for consideration to join the Architectural Review Committee has been extended to January 30, 2021.**

Do you have an interest in architecture, landscape, and or physical improvements? If so, consider joining the Architectural Committee. The committee reports to the Board of Directions and the committee members are volunteers, non-paid. There are no specific qualifications that are needed in-order-to serve as a member; although, it is helpful for a member to have experience or knowledge in construction, architecture, maintenance, or a related field.

The main responsibility of the committee is to review plans and specifications for proposed improvements or changes to a homeowner's property. They then approve or deny the requests based on the guidelines found in the CC&Rs and policies for the San Lorenzo Village Homes Association. The committee also helps the Association board members by ensuring that all homes within the community are following the guidelines stated in the governing documents regarding exterior modifications. The volunteers on the committee hold regular meetings to review homeowner requests and discuss any current proposed changes.

The appointment will be for a 1-year term by the Board of Directions. If you are interested in joining the committee, please submit your interest to the Association's Office at [info@slvha.com](mailto:info@slvha.com). When expressing your interest please indicate the following:

- 1.) Why you would like to join the architectural committee?**
- 2.) What experience do you feel you have that might make you an ideal committee member?**
- 3.) Provide your full contact information: Name, E-mail, phone, and address.**

Appointments will be made at the February 04, 2021 Work Session Meeting and candidates may be asked for an interview pending on the level of interest for the committee.
