

**SLVHA Earth Day- Pandemic style**  
 We had a drive-through resource activity which included a medication drop off (86 pounds!), a food bank drop off, a garbage pick up drop off and a place to get earth day goodies for all our helpers. Young San Lorenzo scientists also participated in the annual science fair. This year the theme was SPACE.

Many thanks to our volunteers and community partners, including, but not limited to, The Alameda County Sheriff's Office, The Alameda County Fire Dept., The San Lorenzo Family Help Center (food bank), all of our sponsors and especially to our kids who run the events. It takes a Village!

# Earth Day SLVHA 2021
